

SCISDA Training

The Making of a Lifelong Square Dancer

Tired of putting non-stop effort into finding students and running weeks of lessons -- only to see most of your students, even those who finish the class, *leave* square dancing? This presentation, including time for Q&A, will help you learn the foundations of creating lifelong dancers. Doing dancing just a bit differently can result in a new way of looking at things – and fabulous results.

The State Council of Illinois Square Dance Associations (SCISDA) has timed this training to help clubs be better prepared for CALLERLAB-led changes launching September 2026. Choose from two dates.

Caller Janet Lewis, Brownstown, Indiana

Anyone who wants to see square dancing last a lifetime, including Club Leaders, Lesson Coordinators, Caller/Instructors, and Lesson Angels.
